

CIA INTERNAL USE ONLY

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Friday - 3 January 1964

1. (Internal Use Only - JSW) Mr. Marian A. Czarniecki, on the staff of House Foreign Affairs Committee, called to advise that the Subcommittee on International Organizations and Movements, chaired by Mr. Fawcett, will hold hearings in January on the non-economic and non-military aspects of foreign policy. He indicated the sessions would be executive and would include State, DOD, AID, USIA and they hoped to have CIA testify at the tail end of this group on either the 15th or 16th. He will provide us with more details on this next week. I merely indicated we would pick up these materials and discuss the situation further.

2. (Internal Use Only - JSW) Stuart C. Ross in the office of Congressman Paul Rogers called in connection with the previous inquiry concerning some boats working out of Port Everglades. I again explained that our official position was no comment and the only suggestions we would have for their advice to the constituent was to contact the Coast Guard which should have appropriate information on the ownership and chartering of vessels. Apparently Ross had not completely understood our previous response on this and added that he completely understood our position and felt that he could handle the matter.

3. (Internal Use Only - JGO) Advised Miss Barbara Holliday, Assistant to Congressman Page Belcher (R., Ohio.) that there was no privity between Nelson Electric Manufacturing Company and the Government under contract [redacted] and learned later in the day that the Congressman had closed the case. (See Memorandum for the Record for details.)
